

Guide to Creating Donation Links on PayPal

Step 1: Log in to PayPal

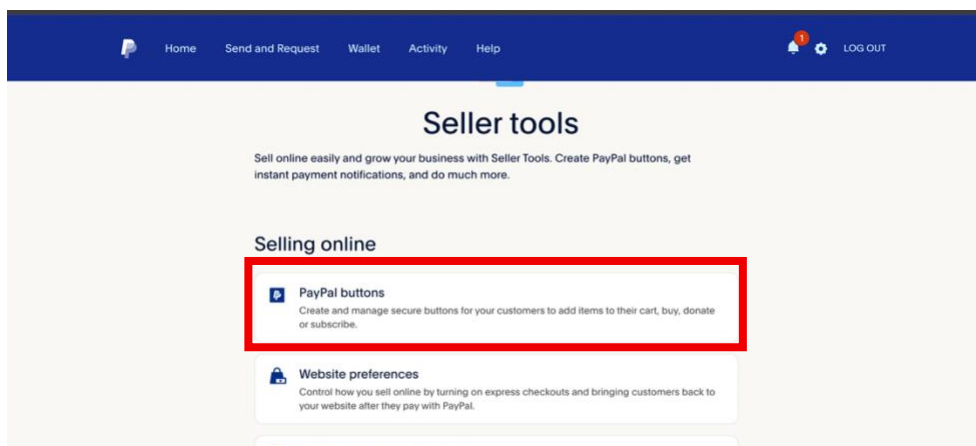

- Access your PayPal account at www.paypal.com.

Step 2: Navigate to PayPal Buttons

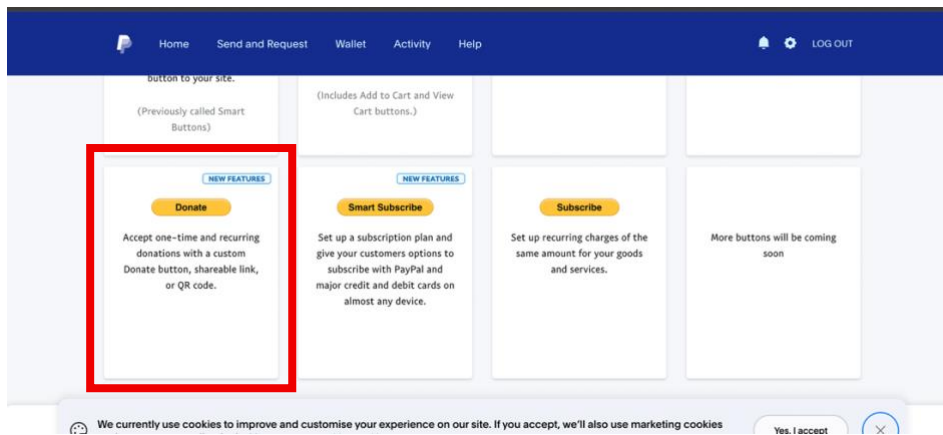

- Go to your profile (<https://www.paypal.com/myaccount/profile>)
- Select **Seller Tools**

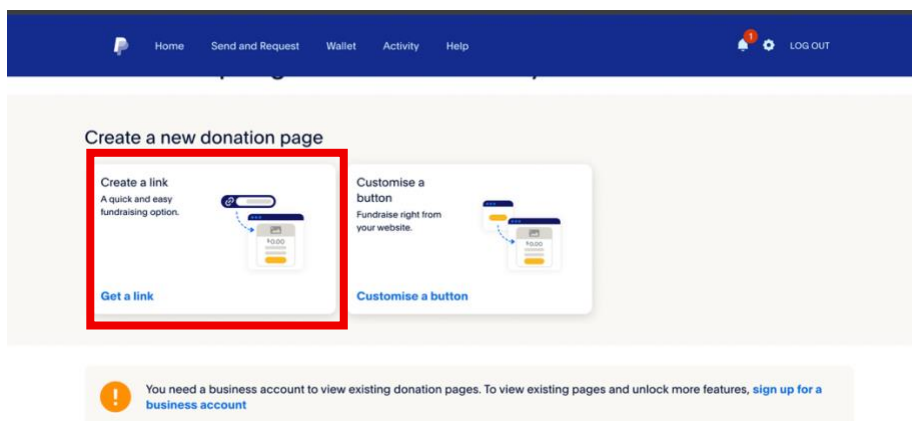

- Under the **Selling Online** heading click on “Paypal Buttons”

- Create a “**Donate**” Button

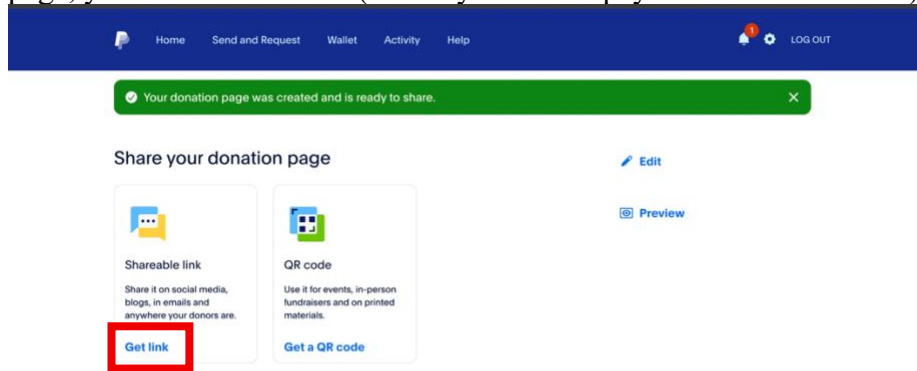

- Click on “**Get a link**” under the Create a link heading

Step 3: Create a Donation Button

- Page 1:
 - Your Display name is your official PayPal name, so if you want to change that you have to change your PayPal Name
 - Add a message, haven't talked to Nektary about this, but if you guys would like a message underneath the donate button, saying thank you or anything else, you can add it under the “Add an inspiring message to your donation page (Optional)” heading
 - Once this is done, press continue
- Page 2:
 - Currency: AUD
 - How Much: Click the “Any Amount” option
 - Again, another thing I haven't discuss, but assuming we are allowing monthly recurring donations, so keep the checked.
- Press “Finish”
- Press the “Get Link” button, copy the link that comes up, this is the link that directs to your PayPal donation page, make sure you keep a copy of it as once you leave this

page, you can't come back (unless you have a payed Business account).

Step 4: Link has been created

- Send the link to me/Nektary to put into the website.
